# FEATURED PRODUCT

Radio Nepal has an exclusive strategic tie-up with NEW IT VENTURE CORPORATION, NITV (Leading OTT/IPTV development and consulting firm based in Japan - [www.newitventure.com](http://www.newitventure.com)) to Develop an Advanced Digital Platform and Manage its Distribution in the worldwide (International) market through different online mediums.

Radio Nepal was expected to collect all the classic content and deliver it through the single platform. As a result, the Radio Nepal app was developed and launched on May 1, 2022. The Radio Nepal app is designed to serve a wide variety of people of all age groups. Radio Nepal is designed to entertain viewers with a wide variety of content. The user does not have to pay to use the Radio Nepal app.

## History of Radio Nepal:

Radio Nepal owned by the Nepal Government was established on 2 April 1951. The transmission initially ran for 4 hours and 30 minutes using a 250-watt SW transmitter. Over the years, Radio Nepal has significantly strengthened its institutional capacity and has diversified in terms of program format, technical efficiency, and coverage. Radio Nepal broadcasts programs on mid-wave and FM frequencies. The regular programming runs for 24 hours per day, with approximately 4 hours of programming beginning at 14:15 hrs. To 18:00 hrs. FM Kathmandu, the first FM-Channel in Nepal covering the Kathmandu Valley and adjacent areas, commenced in 1995 from its premises in Singh Durbar, Kathmandu.
